

## Forming Stakes Series 900

Pexto sheet metal forming stakes are invaluable tools for the sheet metal craftsman. A variety of forged steel stakes and cast iron stakes are available individually as shown below, for use in a choice of bench plates. The No. 964 set and holder combines the variety of forged steel stakes with a universal bench mounted holder.

## Bench Plates/Stake Holders

A choice of bench plates/stake holders are offered to satisfy a variety of shop conditions. The No. 981 and 982 are cast iron, machined-face plates, with the No. 982 7 1/2" shorter. The No. 985 steel cabinet is a 33-inch high free-standing base for the No. 982 bench plate, durably constructed.
